

EARN FREE ESSENTIAL OILS & GIFTS

————— Refer a friend —————

How do you earn the freebies?

For every person you refer that books an appointment with me you get to fill in a square. Complete each row and gain the prize for that row. Start from the top and work your way down.

What do you say to your friend or family?

Share your experience with the oils and with the educator. Tell them what they have done for you and how it's help support your journey of using doTERRA essential oils. Typically, what the educator would do is book a 30 min appointment, uncover their health needs, teach them how to use the oils and go over the top 10 oils. They do not have to purchase anything but if they see something they want I can help them get it.

How to connect your friends to me?

Connect your friend with me either in a three-way text message, Facebook message or email. I will then take care of booking and of the appointment itself. Then you can fill in the square.
